FEBRUARY "TOYS" WITH US!

EDITOR'S *note*

A few years back, whenever we as a company would set up at a major convention or trade show — like Comic Con or Toy Fair — we would construct a massive array of tabletop glass displays, arrange into a square configuration with the cases facing out for all to see. As each display unit was made up of 4-5 sheets of glass, stacked 2-3 units high and held together with metal fittings that needed to be set and tightened by hand, this process took some time. And to that end, we sent a lot of people to shows to help set up this enormous endeavor.

But, with streamlining our convention display, fewer people were needed for set-up. This had the double-edged effect of freeing me up to attend Comic Con in San Diego on my own time, which has been great. Unfortunately, it also meant that I was no longer needed in New York for set-up for *International Toy Fair*. So I've missed Toy Fair these past few years, and especially visiting New York, which is a great city.

One thing that I haven't lost is sharing in the post-Toy Fair reports from my friends in our Toy Department. These guys are all fans and collectors, and love this stuff like I do… so I'm anticipating another geek-out come mid-February when they get back.

But we're not all about toys and collectibles here. No, we also love comics, too. And this issue mirrors that sentiment with our *"We Love Comics"* theme. Throughout this issue, staff members and even some publishers and artists have chimed in and listed their own personal favorite comics, and why they love them.

Me? I love THE WALKING DEAD, because it saddens me when I finish reading the latest issue, and I must wait another 30 odd days for the next issue… but when a new issue comes in, it's a very good day. I haven't been like this with a series since the good old days when I couldn't wait for the next issue of the Claremont/Byrne-era *X-Men*… it's just *that* good.

Over on the **FlipSide**, we present the Top Products of 2011 in a special Year End Review charts section. What was the #1 comic of 2011? Flip this catalog over and find out!

That's all for this month, see you in March!

Your Pal @ ***PREVIEWS***,

Marty

When love strikes, you just never know where you're going to be… on a bus, bowling, doing the wash at the laundromat, or even checking the bargain bins at your favorite local comic shop! In honor of Valentine's Day, we look at some real-life relationships that started in more nerd-friendly environs, be it at Comic Con, a LARP session, or at a local comic shop.

The Devil Wears Prada—But Not Kevin Mellon

When Christian metalcore band, *The Devil Wears Prada*, developed a zombie comic book and a zombie game app through iTunes, *PREVIEWSworld* writer Vince Brusio took notice. Brusio tracked down artist Kevin Mellon to get the lowdown on all things TDWP, from their new album, tour, game, and comic book, plus exclusive concert photos and an 11 minute exclusive video interview with band members Andy and Jeremy!

Cool places to visit from your chair...

www.life.com
No, not the cereal that Mikey likes. No, it's the late, lamented magazine *LIFE*, which chronicled "life" on this planet and in this country for over 60 years. Their site features a treasure trove of photo galleries dating back decades, and covering everything from war to movies to nature. Where else can you find rare photos of the Creature from the Black Lagoon, Salvador Dali, and U.S. Air Force experimental fighters in one place? You could spend hours going through their galleries… and probably will.

Ed "Big Daddy" Roth was an artist, cartoonist, custom car painter who created the hot-rod icon Rat Fink and was a key figure in Southern California's "Kustom Kulture" and hot-rod movement of the late 1950s and '60s. Though he left us in 2001, "Big Daddy's" legacy lives on today in his art, custom kars, and on his website!

This month's featured creator is...

DERF BACKDERF

Derf Backderf is a critically acclaimed comics creator and cartoonist. Derf started out as a political cartoonist for a paper in Florida, but was fired for "general tastelessness." He found his way north to Cleveland, where he launched his edgy comic strip, *The City*, in 1990. For over 20 years, *The City* has been one of the most-widely distributed weekly comics, appearing at one time or another in over 100 weekly papers, including *The Village Voice*. It has garnered numerous awards, including a Robert F. Kennedy Award in 2006. Derf is the author-artist of three graphic novels. *Trashed* (SLG Publishing, 2002), is an hilarious, stomach-churning memoir of his experiences as a 19-year-old garbage man, named "funniest book of the year" by Time.com and nominated for an Eisner Award (one of two nominations Backderf has received). His second graphic novel, *Punk Rock & Trailer Parks* (SLG Publishing, 2009 / JUL083615) is a raucous, fictional comedy set in grimy Akron, Ohio, at the peak of the Rubber City's famous punk rock era. Derf's latest graphic novel, *My Friend Dahmer* (SC—NOV110675, HC—NOV110676) is the haunting account of his teenage friendship with the future serial killer, to be published by Abrams Comicarts in March 2012.

I've been on a huge Richard Corben kick lately, just like I was at age 12 when I slobbered over the old Warren mags. How can this guy still be drawing such amazing stuff after like 50 years in the biz?! I'm not much of a superhero fan, but his recent work on *Hellboy* (Dark Horse) has made those books a must-read. Why didn't this guy ever draw Vampirella? That's a crime!

MARVEL'S GREATEST TEAMS GO TO WAR IN 2012

From the depths of space, the Phoenix force returns to Earth, searching for a new host for its immense powers to inhabit. To the X-Men, its return could mark the rebirth of Earth's mutant species, decimated years ago and now near extinction. To the Avengers, the arrival of the Phoenix Force could mean the extinction of all life on Earth. Which side is right — those allied with Cyclops and the X-Men or those on the side of Captain America and the Avengers? To determine the fate of the Phoenix Force and with the Earth itself at stake, Marvel Comics' two greatest teams – the Avengers and the X-Men – will do battle in the 12-issue event, *Avengers Vs. X-Men!*

For the biggest event in comics this year, Marvel Comics has assembled an impressive line-up of all-star creators to chronicle the conflict! Writers Brian Michael Bendis, Jason Aaron, Jonathan Hickman, Ed Brubaker, and Matt Fraction are joined by an equally outstanding trio of artists – John Romita Jr., Olivier Coipel, and Adam Kubert. No one is better prepared than these creators to tell this epic story that draws Captain America, Cyclops, Iron Man, Wolverine, Thor, Storm, Spider-Man, and many more characters into this *status quo*-shattering event. The X-Men and the Avengers have shared the same general goal for many years – to protect the Earth and its citizens from the threats that would destroy it. Now that goal has brought the two teams into conflict, and some characters with ties to both teams, like Wolverine, will find their loyalties tested, while others will be more certain of their decisions to do battle with those they would call "friend." When the dust settles at the end of this biweekly series, the Avengers, the X-Men, and the Marvel Universe itself will no longer be the same!

Avengers Vs. X-Men #1 reaches shops on Wednesday, April 4th, and retailers are lining up to pick their side in the conflict as Avengers stores or X-Men stores with special posters, postcards, and giveaways from Marvel Comics for an exclusive launch event. Be sure to visit your local comic shop on Tuesday, April 3rd and take advantage of the *Avengers Vs. X-Men* launch party festivities!

Friendships will be strained, allegiances will be tested, and heroes will fall when the X-Men and the Avengers go to war. *Avengers Vs. X-Men* is destined to become Marvel Comics' biggest-ever story as comics' most popular franchises go to war this April. Whose side will *you* choose?

DISCOVER MAGIC WITH COURTNEY CRUMRIN IN HER BRAND-NEW SERIES

DARWYN COOKE IS BACK TO SETTLE *THE SCORE* IN HIS NEW STARK GRAPHIC NOVEL

152

Acclaimed writer/artist Darwyn Cooke returns to the hard-boiled work of Richard Stark's novels with his third adaptation of Stark's classic criminal caper, *The Score!*

Richard Stark's Parker: The Score sees Parker and a gang of hoodlums attempt to pull off the ultimate heist — the robbery of an entire town. But things spiral out of control, and Parker finds himself in a bad situation, one that calls for violence and blood.

Cooke's first two Richard Stark adaptations, the Eisner Award-winning *The Hunter* and *The Outfit*, effortlessly brought to life the film noir sensibilities of Stark's storytelling, recreating the post-War period in the muted hues and the timeless style that defines Cooke's work. Crime is cool again this spring thanks to Darwyn Cooke and *Richard Stark's Parker: The Score!*

DO YOU HAVE WHAT IT TAKES TO WIN *AMERICA'S GOT POWERS?*

People crave fame. They always have. The prevalence and burgeoning popularity of reality television give ordinary people the chance to be noticed, for their "fifteen minutes of fame," but what about super-powered people? What about their fame? How do they get noticed? This April, Jonathan Ross and Bryan Hitch peel back the curtains on the top super-powered reality show for their new series from Image Comics, *America's Got Powers!*

Tommy Watts wants to be the greatest super-hero of all, but to become that he must compete with other super-powered teens, some faster, some stronger than he. Does he have what it takes to emerge on top when the Trials and the eliminations begin? What dark secret is the show hiding — and if Tommy is eliminated from the competition, will he escape with his life?

America's Got Powers is the super-hero story for our reality-television addicted world. Jonathan Ross, one of Britain's top television personalities, joins forces with one of Britain's most acclaimed artists, Bryan Hitch, for a tale that speaks to the American psyche. BOBA FETT, THE GALAXY'S GREATEST BOUNTY HUNTER, LIES DEAD

In all the galaxy, there is no bounty hunter more feared than Boba Fett. No one knows the man beneath the battered Mandalorian helmet, but all fear to have him following in their path, for Boba Fett never misses his quarry. Not even the mighty Sarlaac creature of the desert wastes of Tatooine could destroy Boba Fett.

Except that someone has. The body of the galaxy's greatest bounty hunter lies broken and lifeless. Boba Fett, like the Old Republic's Clone Troopers, was the clone of the bounty hunter Jango Fett. Connor Freeman, the son of one of Jango Fett's Clone Trooper clones finds himself drawn into the mystery surrounding the death of his "uncle" Boba Fett. And those who are responsible for Boba Fett's death are themselves marked for death in Dark Horse Comics' new mini-series, *Star Wars: Blood Ties — Boba Fett Is Dead!*

Star Wars: Blood Ties writer Tom Taylor returns to the galaxy far, far away with artist Chris Scalf for this wild ride through the back alleys and the seedy underside of a galaxy at war. Who killed Boba Fett — and why? What secret does Connor Freeman hold? And who will avenge the galaxy's greatest bounty hunter? The action begins this April in *Star Wars: Blood Ties — Boba Fett Is Dead!*

WHEN BOBA FETT IS KILLED AND HIS KILLERS ARE HUNTED, FETT'S "NEPHEW" IS DRAWN INTO THE SAGA AGAINST HIS WILL!

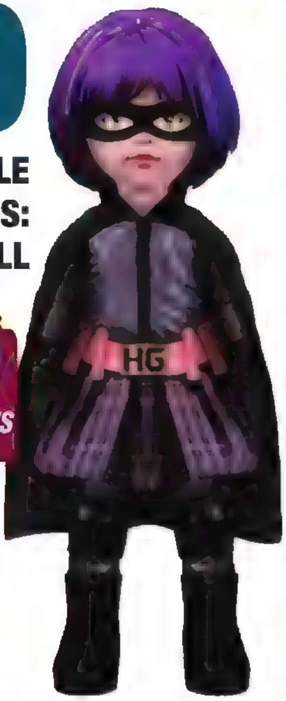
1/6 SCALE LIVING DEAD DOLLS: HIT GIRL PX DOLL

PX PREVIEWS EXCLUSIVE



389 HIT-GIRL LAYS THE SMACK DOWN ON THE LIVING DEAD DOLLS

Kinetic and hyper-violent, *Kick-Ass* showed filmgoers a world without costumed heroes, where a high school student, inspired by the comic books he read, decided to don a costume and become a hero. Without training, without money, he quickly found himself in over his head, but he soon discovered that he was not the first — there were others who had also donned costumes, including a seemingly cherubic little girl who went by the nom de guerre Hit-Girl. The break-out character of the *Kick-Ass* film comes to life as a 1/6-scale *Living Dead Dolls: Hit Girl Doll*, complete with a recreation of her costume and her weapons.

399 ROB THE BANK OF ENGLAND WITH THE GOLDENEYE REPLICA

Pierce Brosnan reinvigorated the James Bond series in 1995's *GoldenEye*. As MI-6's top agent, Bond battled Alec Trevelyan, a former ally and now an embittered former MI-6 agent who sought to collapse the British financial system using the GoldenEye space weapons system. Factory Entertainment recreates the GoldenEye with a limited edition prop replica. Modeled directly on the film's prop, the machined metal and gold plated *James Bond 007: GoldenEye Prop Replica* is limited to just 500 pieces and will be cherished by James Bond film collectors for years to come!

Universal's 1930s and 1940s monster movies based on the classics of gothic literature, including *Dracula* and *Frankenstein*, have been beloved by millions over the last seventy and eighty years. One of the most beloved of the Universal Monsters films is *The Bride of Frankenstein*, and Moebius brings the titular character to life with a detailed 1/8-scale *Bride of Frankenstein Model Kit*. Sculpted by Jeff Yagher, this model accurately recreates Elsa Lanchester as the Bride and Boris Karloff as the Monster as they appeared in the fan-favorite film!

If you could relive major events in your life, would you take a stab at making things better—and would your best attempts only make things worse? Or would you use your second chance to put your most twisted, perverted fantasies in motion? These are questions washed-up actor and comedian Guy Krause asks himself after he signs up to be the main research subject for a virtual reality experiment.

In this stylish science fiction epic from award-winning writer Ed Brubaker, a drug-dealing car thief must discover the secret behind his visions to save the world. Twenty years after the devastating Cataclysm, society has been separated into sectors in which the rich are able to enjoy machine-generated weather and sunlight while the poor are forced to live an eternally dank and dark existence. Banished to the dismal Sector 5, the angst-ridden Beezer discovers that the corrupt city police are hunting him because of his experiential visions of a pre-apocalyptic world. Now Earth's reluctant savior must learn his true origin and the meaning of his visions before he is captured and killed.

For the first time, Vertigo collects the entire sixteen-issue run of DEADENDERS, along with a tale from WINTER'S EDGE #3.

You'd think that General Krang's arrival in New York City would be bad enough news, right? Oh no, there's still plenty more misery to go around! The Turtles' home in the sewers is destroyed thanks to a sinister team-up between Baxter Stockman and Old Hob. Now that the Turtles are homeless, with one of their own captured, things have never looked bleaker for our heroes. The key to their salvation may lie with... April O'Neil?!

Wally Wood's career is legendary among the annals of comic's history. He rocketed to fame working on *Will Eisner's The Spirit* newspaper strip and became one of the most talented artists working for EC Comics during the 1950s. Wood also became a star of EC's satire comic called *Mad*, which went on to even greater success as a magazine, allowing the artist to apply his amazing talents in a broader spectrum. When the comics industry fell on lean times during the mid 1950s, Wood segued into the field of science fiction pulp illustration, providing over 200 beautiful drawings and several color cover paintings for the digest magazines; particularly *Galaxy*. Wood left behind a legacy of great art, much of which has never been reprinted. This book will feature them all. Long time **Wally Wood** historian **Roger Hill** has spent the past twenty years pulling together the history of Wood's involvement with the pulp digests and tracking down original art for this project. Over half of the images have been pulled from the originals or from Wood's personal file copies, allowing Wood fans the finest possible reproduction!

ISBN 978-1-61377-181-5

$24.99

Written by **Ben McCool** (*Memoir, Pigs*) with art by rising star **Mario Guevara** (*Solomon Kane, Victorian Undead*), this full-length graphic novel is a stunning re-imagination of **Sergei Eisenstein**'s famed film, *Alexander Nevsky* (1938). **Alexander Nevsky** is a central figure in Russian history, having lived during one of Russia's darkest periods--the invasion of the Teutonic Knights. **Alexander Nevsky** helped establish the Russian nation by defeating the Teutonic Knights, invaders from the last vestiges of the Holy Roman Empire, with an army comprised of ordinary citizens who were poorly-equipped soldiers but fought for their freedom. This ragtag band, against overwhelming odds, defeated the invaders in an epic battle on the frozen lake Peipus--a spectacular achievement that is still celebrated in Russia to this day. In 1938 the great Russian filmmaker **Sergei Eisenstein**, much acclaimed for his masterful interpretation as seen in "Battleship Potemkin" (1925) and "Ivan the Terrible" (1944), brought the story of **Alexander Nevsky** to life on the silver screen in an innovative and brilliant way, by developing new film techniques that remain in use almost 100 years later by some of the greatest directors of our time. Now, following in the steps of Eisenstein, IDW is proud to present one of the most compelling historical graphic novels ever produced--one that is as relevant today as it was at any time in history!

Jonathan Maberry, Nancy Holder, Yvonne Navarro, James A. Moore, Gregory Frost, John Everson, Keith R.A. DeCandido, and Scott Nicholson (w)

A sweeping threaded narrative of the global phenomenon known as the Vampire Wars.

Mankind has been silently infected by millennia-old bacteria unknowingly exhumed by a scientific expedition in Antarctica. Now, in some rare cases, a person's so-called "junk DNA" becomes activated, and depending on their racial and ethnic heritage they begin to manifest one of the many diverse forms of the "others" that are the true basis for the legends of supernatural creatures. These aren't your usual vampires and werewolves–it goes much deeper than that.

Conceived by **Jonathan Maberry**, *V WARS* features stories from various "frontlines" as reported by such contributors as **Nancy Holder**, **Yvonne Navarro**, **James A. Moore**, **Gregory Frost**, **John Everson**, **Keith R.A. DeCandido**, and **Scott Nicholson** (as well as Maberry himself, of course).

The result is a compelling series of tales that create a unique chronicle of mankind's response to this sudden, hidden threat to humanity.

JURASSIC PARK: DANGEROUS GAMES

It is eleven years after the events of the *Jurassic Park* movies and CIA agent Daniel Espinoza is working undercover to infiltrate infamously brutal Nicaraguan drug lord Gabriel Cazares' drug ring. Cazares and his henchmen have taken over Isla Nubar and converted the main facility into a walled fortress and pleasure palace in the center of a primeval jungle filled with savage monsters. When his deep cover is blown, Espinoza finds himself lost and alone on the dangerous island, hunted by both armed thugs and prehistoric monstrosities. And there is someone else watching him, too—a mysterious figure in the shadows who could be Espinoza's only hope for survival... or the bringer of his ultimate doom.

"TEETH, WITH WHICH TO EAT"
A man gets shot in London, a law firm gets broken into in Washington, an accountant gives away the password to his computer, and something put to sleep 20 years ago awakens. What is the unsavory relationship all these things share, and how could it bring down two of the largest governments in the history of the world?

It's **SECRET**, a brand new, ongoing, monthly comic from the creators of **A RED MASS FOR MARS**.

Brought to you by award-winning writer **JONATHAN HICKMAN** and break-out talent, **RYAN BODENHEIM**, **SECRET** is an espionage thriller that takes a deep look into the shadow world existing between the government and private security firms.

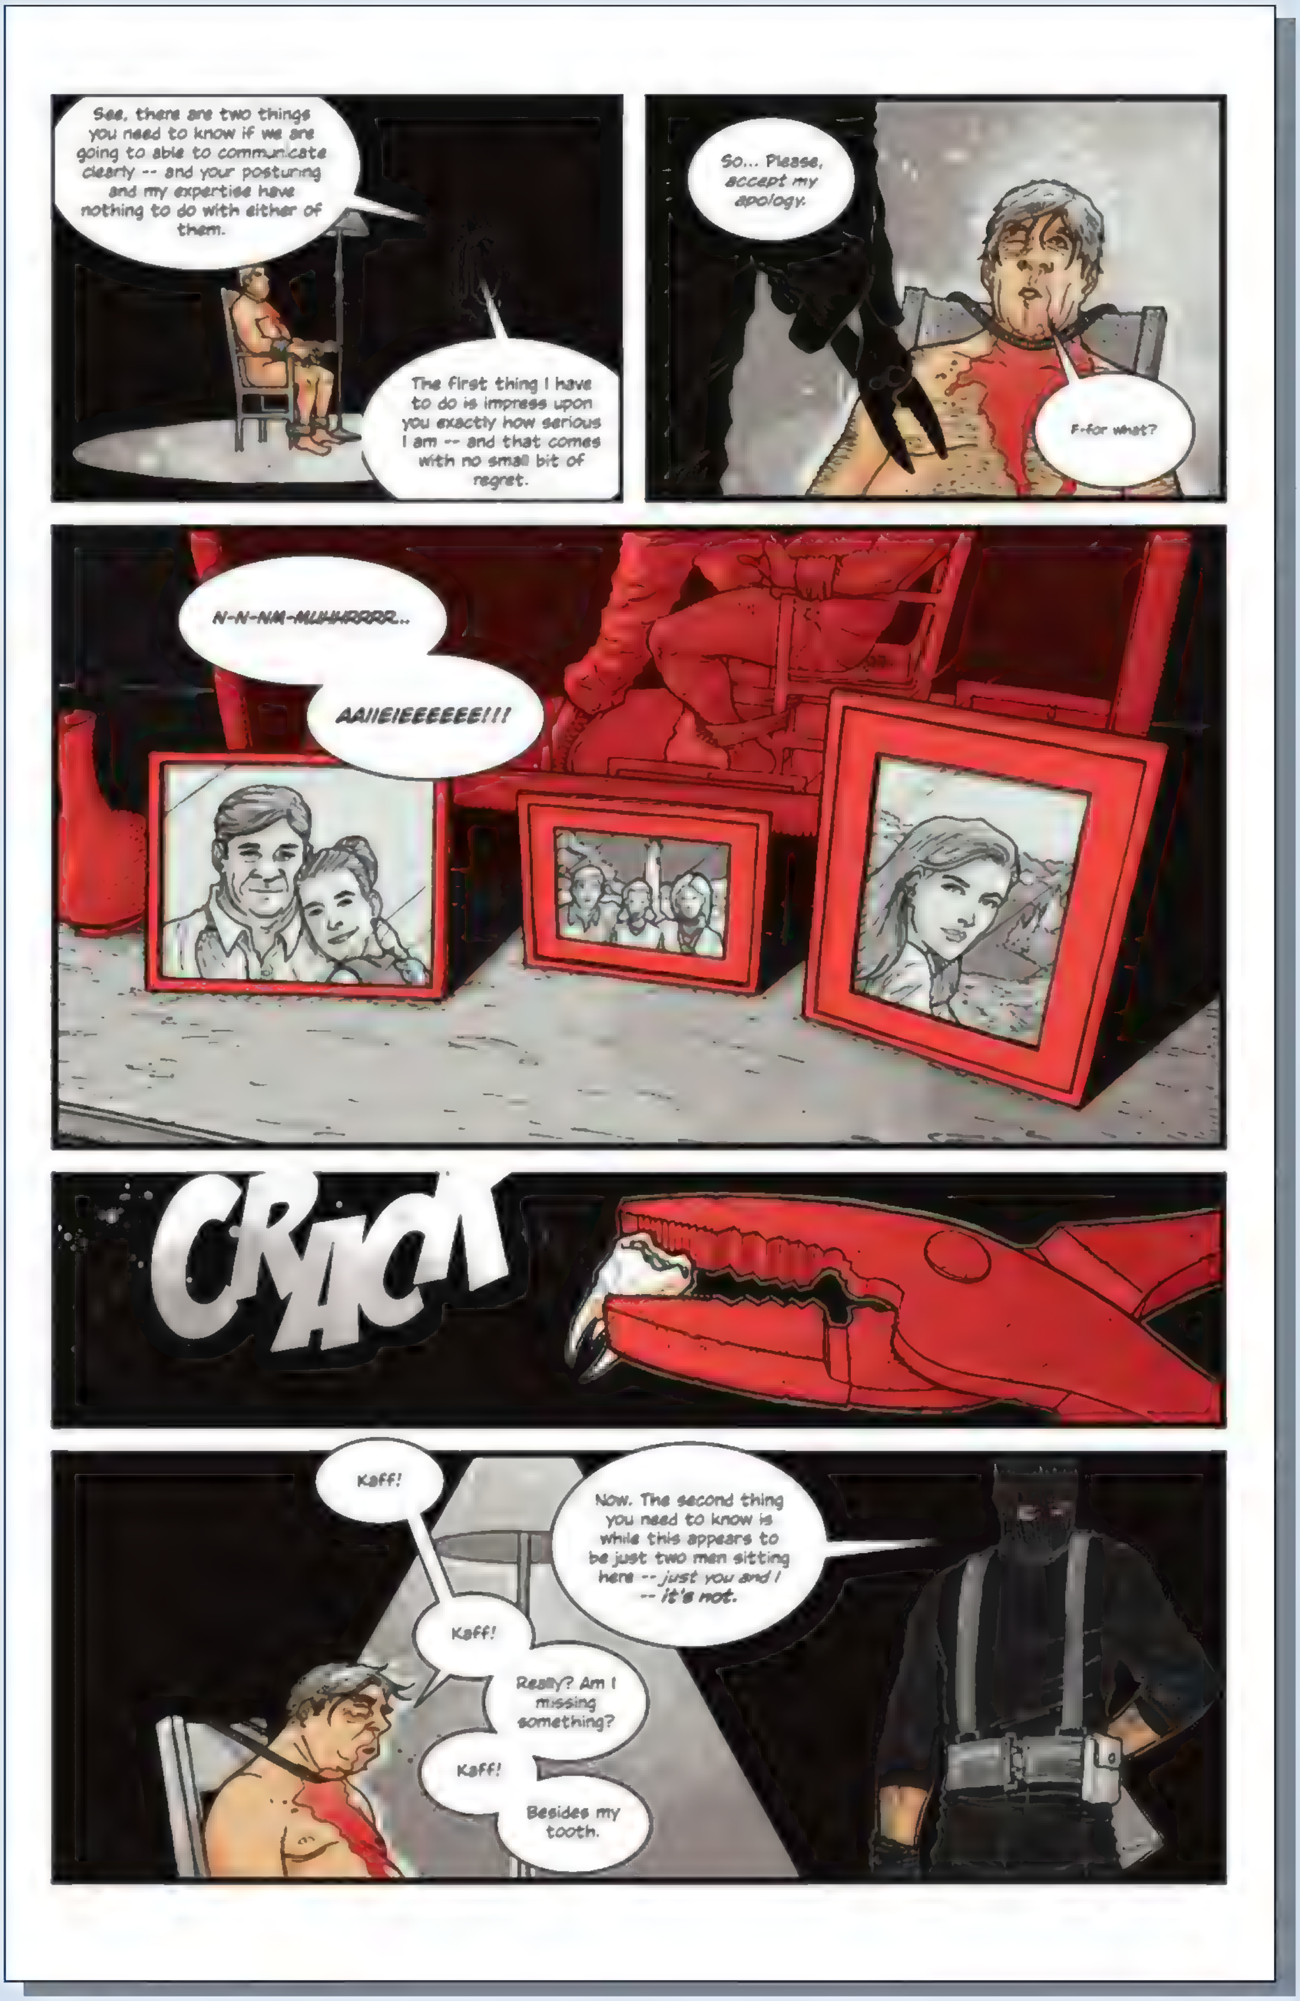
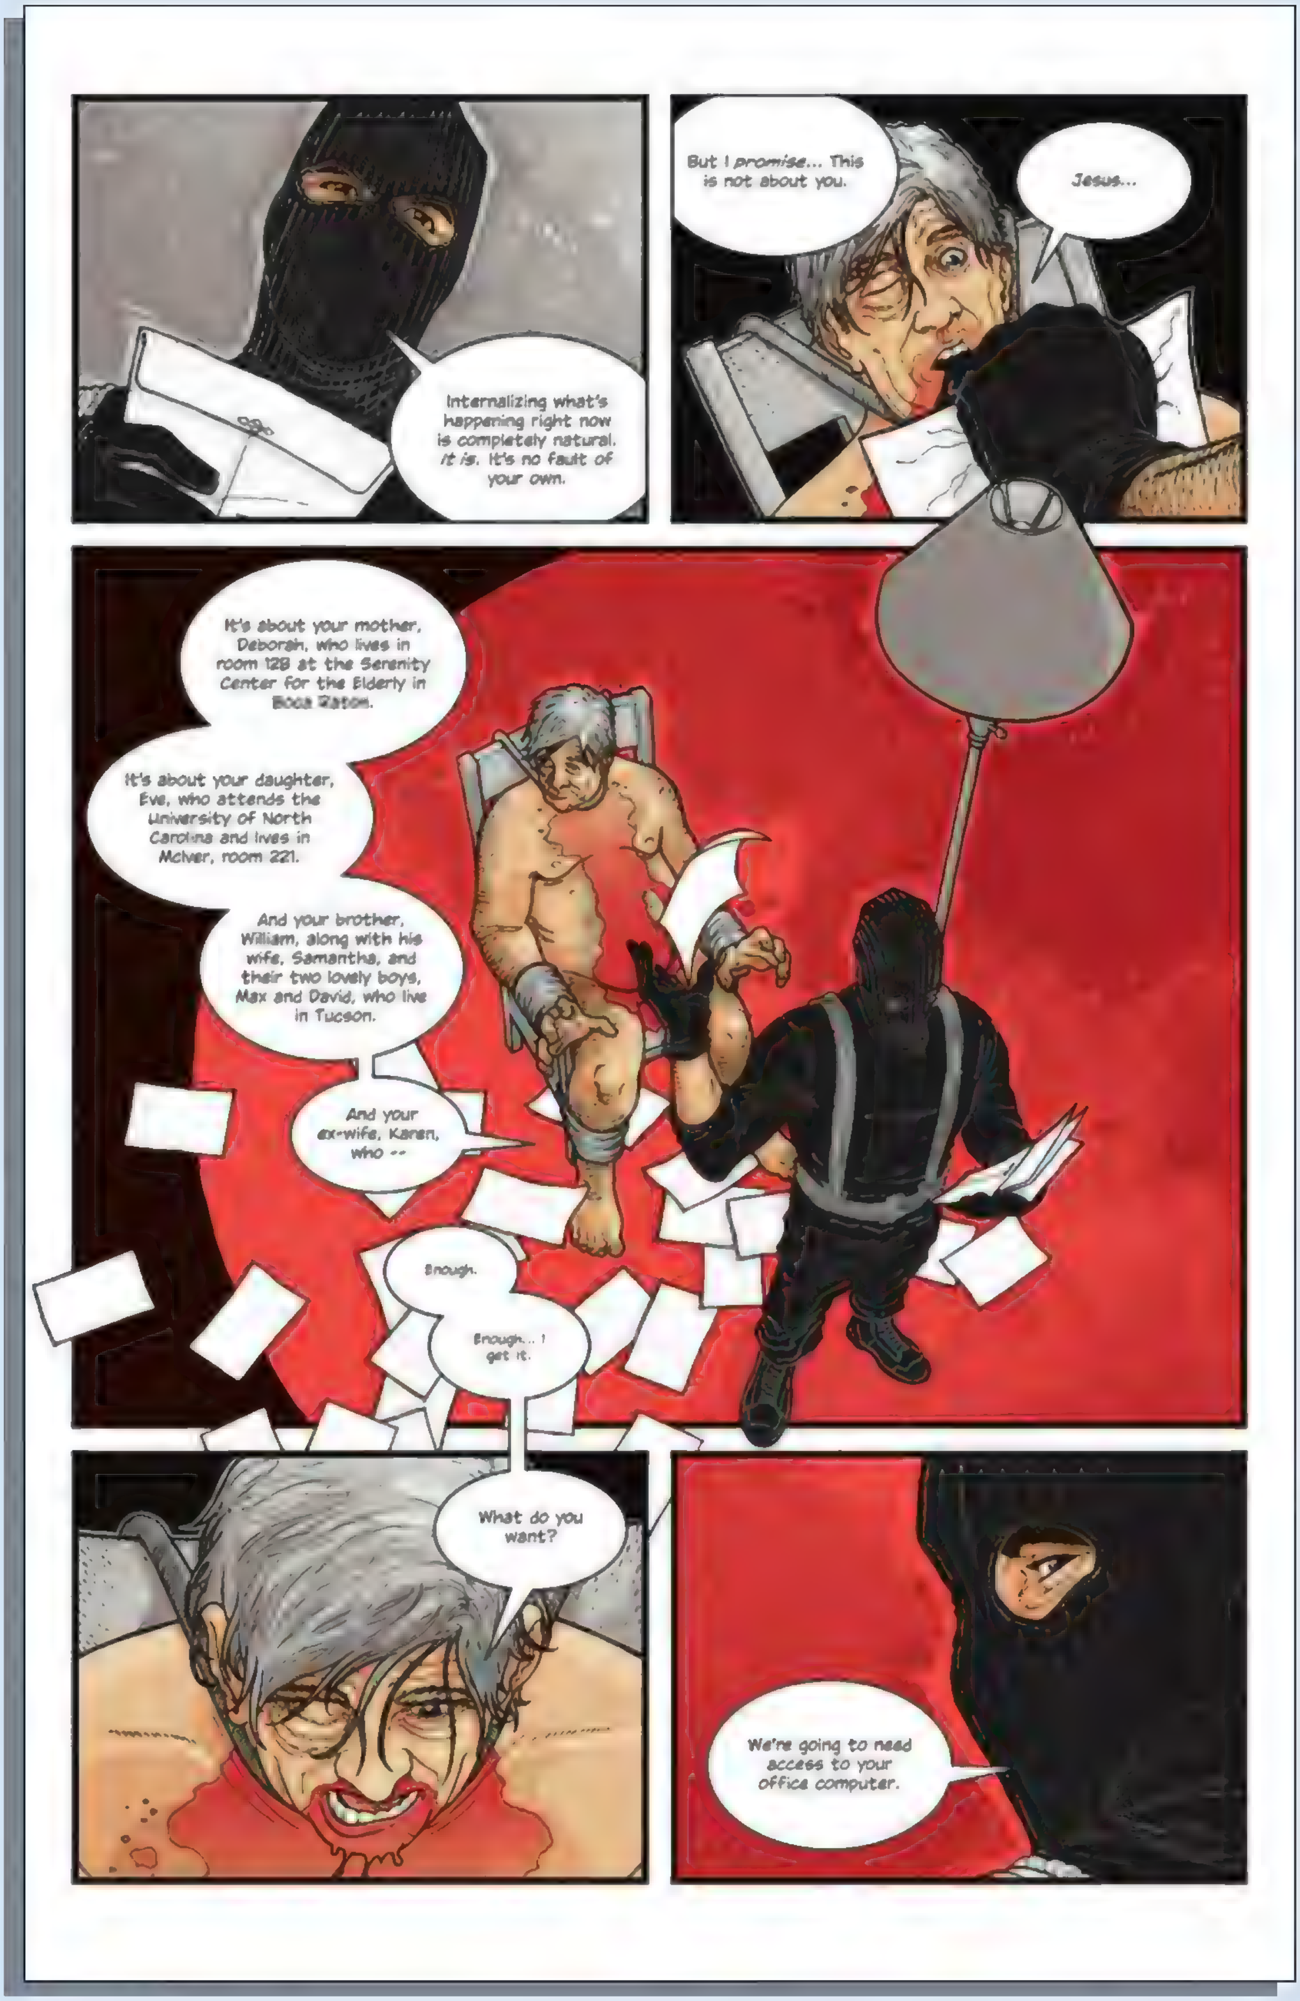
I think one of my least favorite things in the world are *little doubts.*
You know what I'm talking about? The creeping uncertainties you have after *'something goes wrong'.*
Did I check the back door? Why didn't I lock the windows?...
I should've bought more life insurance
It's the kind of thing that keeps you up at night -- never being able to let that moment go. *I swear,* I truly hate that...
And so, I do not want you to have that burden.
You did everything you could. You had tiered security measures, a very impressive alarm system, and your yard -- *it was illuminated.*
I am simply a man that cannot be kept out.
Mr. Dunn... You have something I want.
And you think this is anyway to go about getting it? If you think for one sec --
No, no... this isn't a conversation.
Not yet.



See, there are two things you need to know if we are going to able to communicate clearly -- and your posturing and my expertise have nothing to do with either of them.
The first thing I have to do is impress upon you exactly how serious I am -- and that comes with no small bit of regret.
So... Please, accept my apology.
F-for what?
N-N-NM-MUHHRRRR...
AAIIEIEEEEEE!!!
CRACK
Kaff!
Now. The second thing you need to know is while this appears to be just two men sitting here -- *just you and I* -- *it's not.*
Kaff!
Really? Am I missing something?
Kaff!
Besides my tooth.



Internalizing what's happening right now is completely natural. *It is.* It's no fault of your own.
But I *promise*... This is not about you.
Jesus...
It's about your mother, Deborah, who lives in room 12B at the Serenity Center for the Elderly in Boca Raton.
It's about your daughter, Eve, who attends the University of North Carolina and lives in McIver, room 221.
And your brother, William, along with his wife, Samantha, and their two lovely boys, Max and David, who live in Tucson.
And your ex-wife, Karen, who --
Enough.
Enough... I get it.
What do you want?
We're going to need access to your office computer.

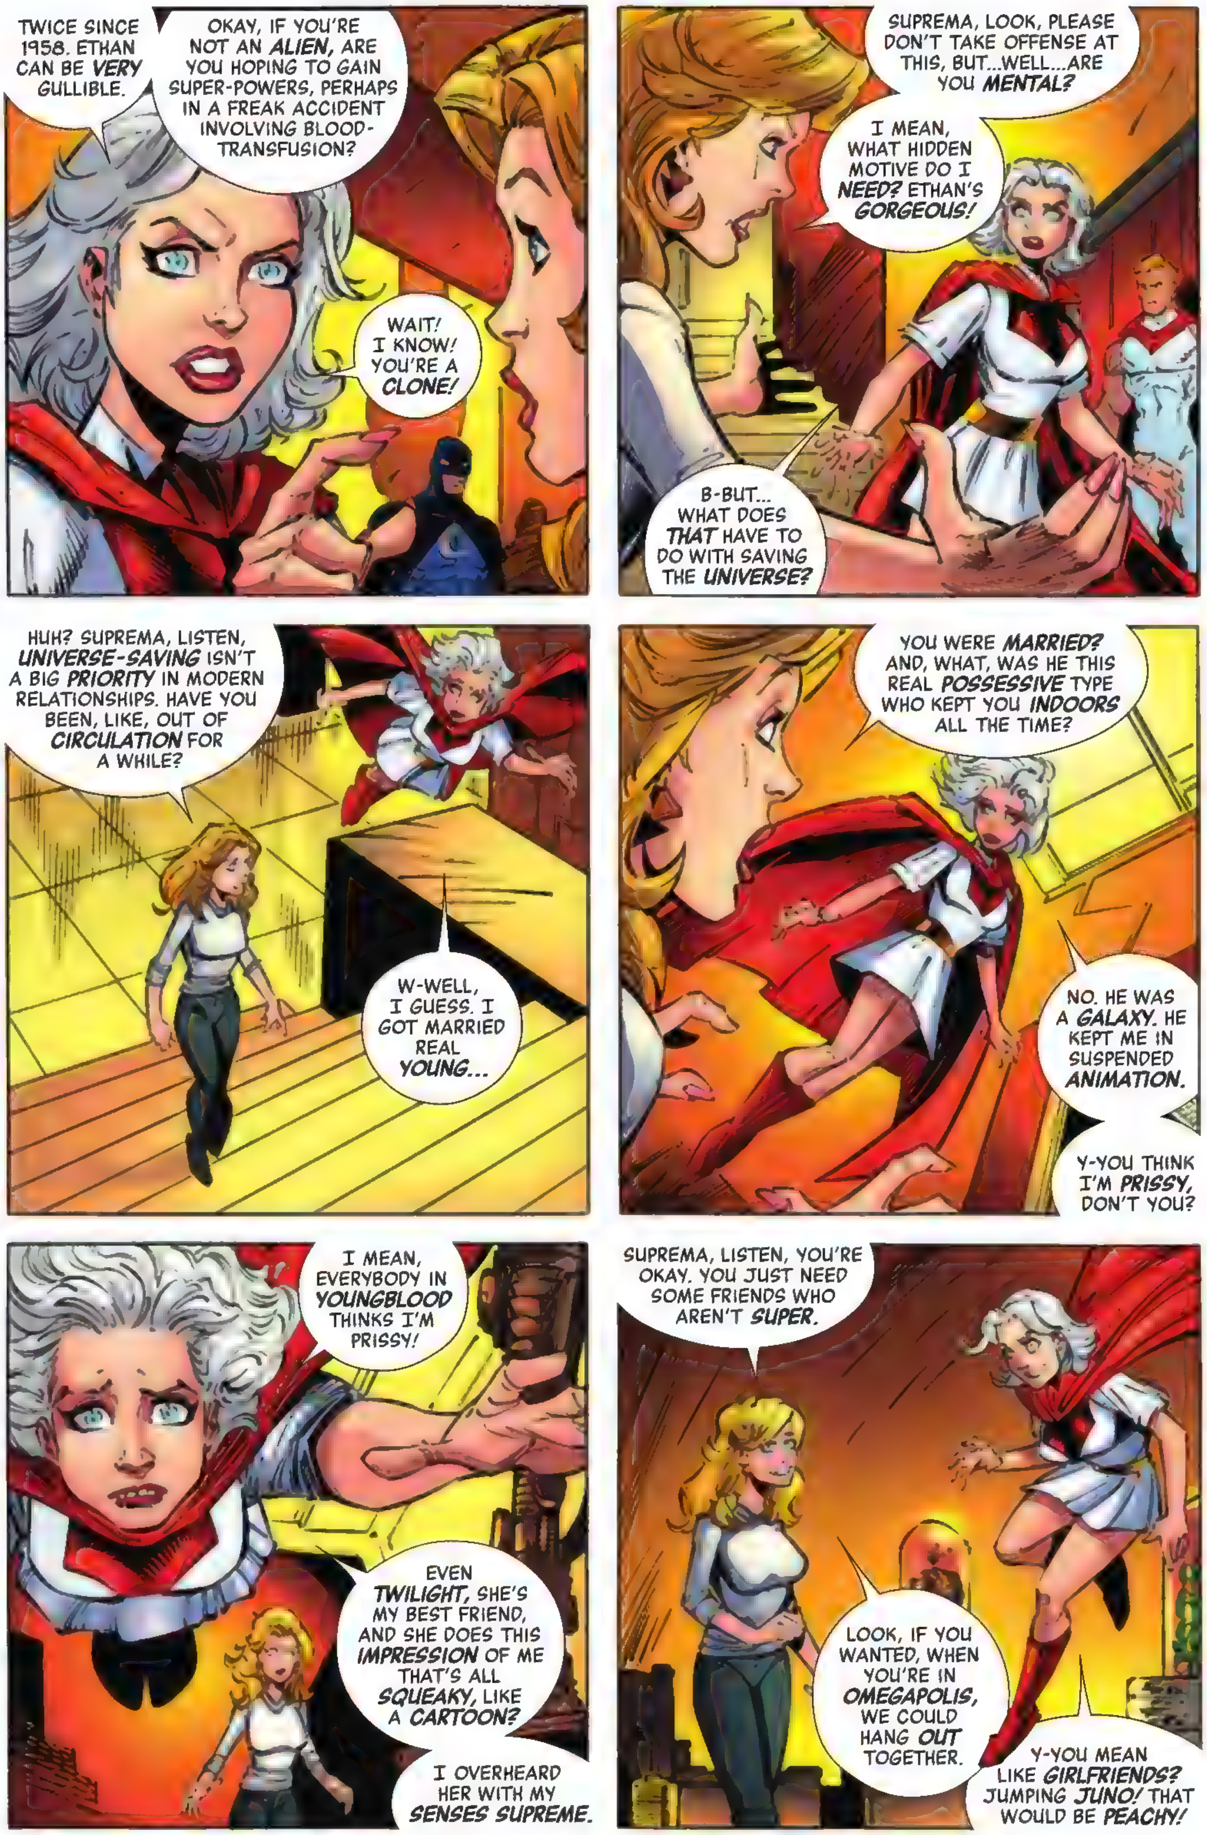
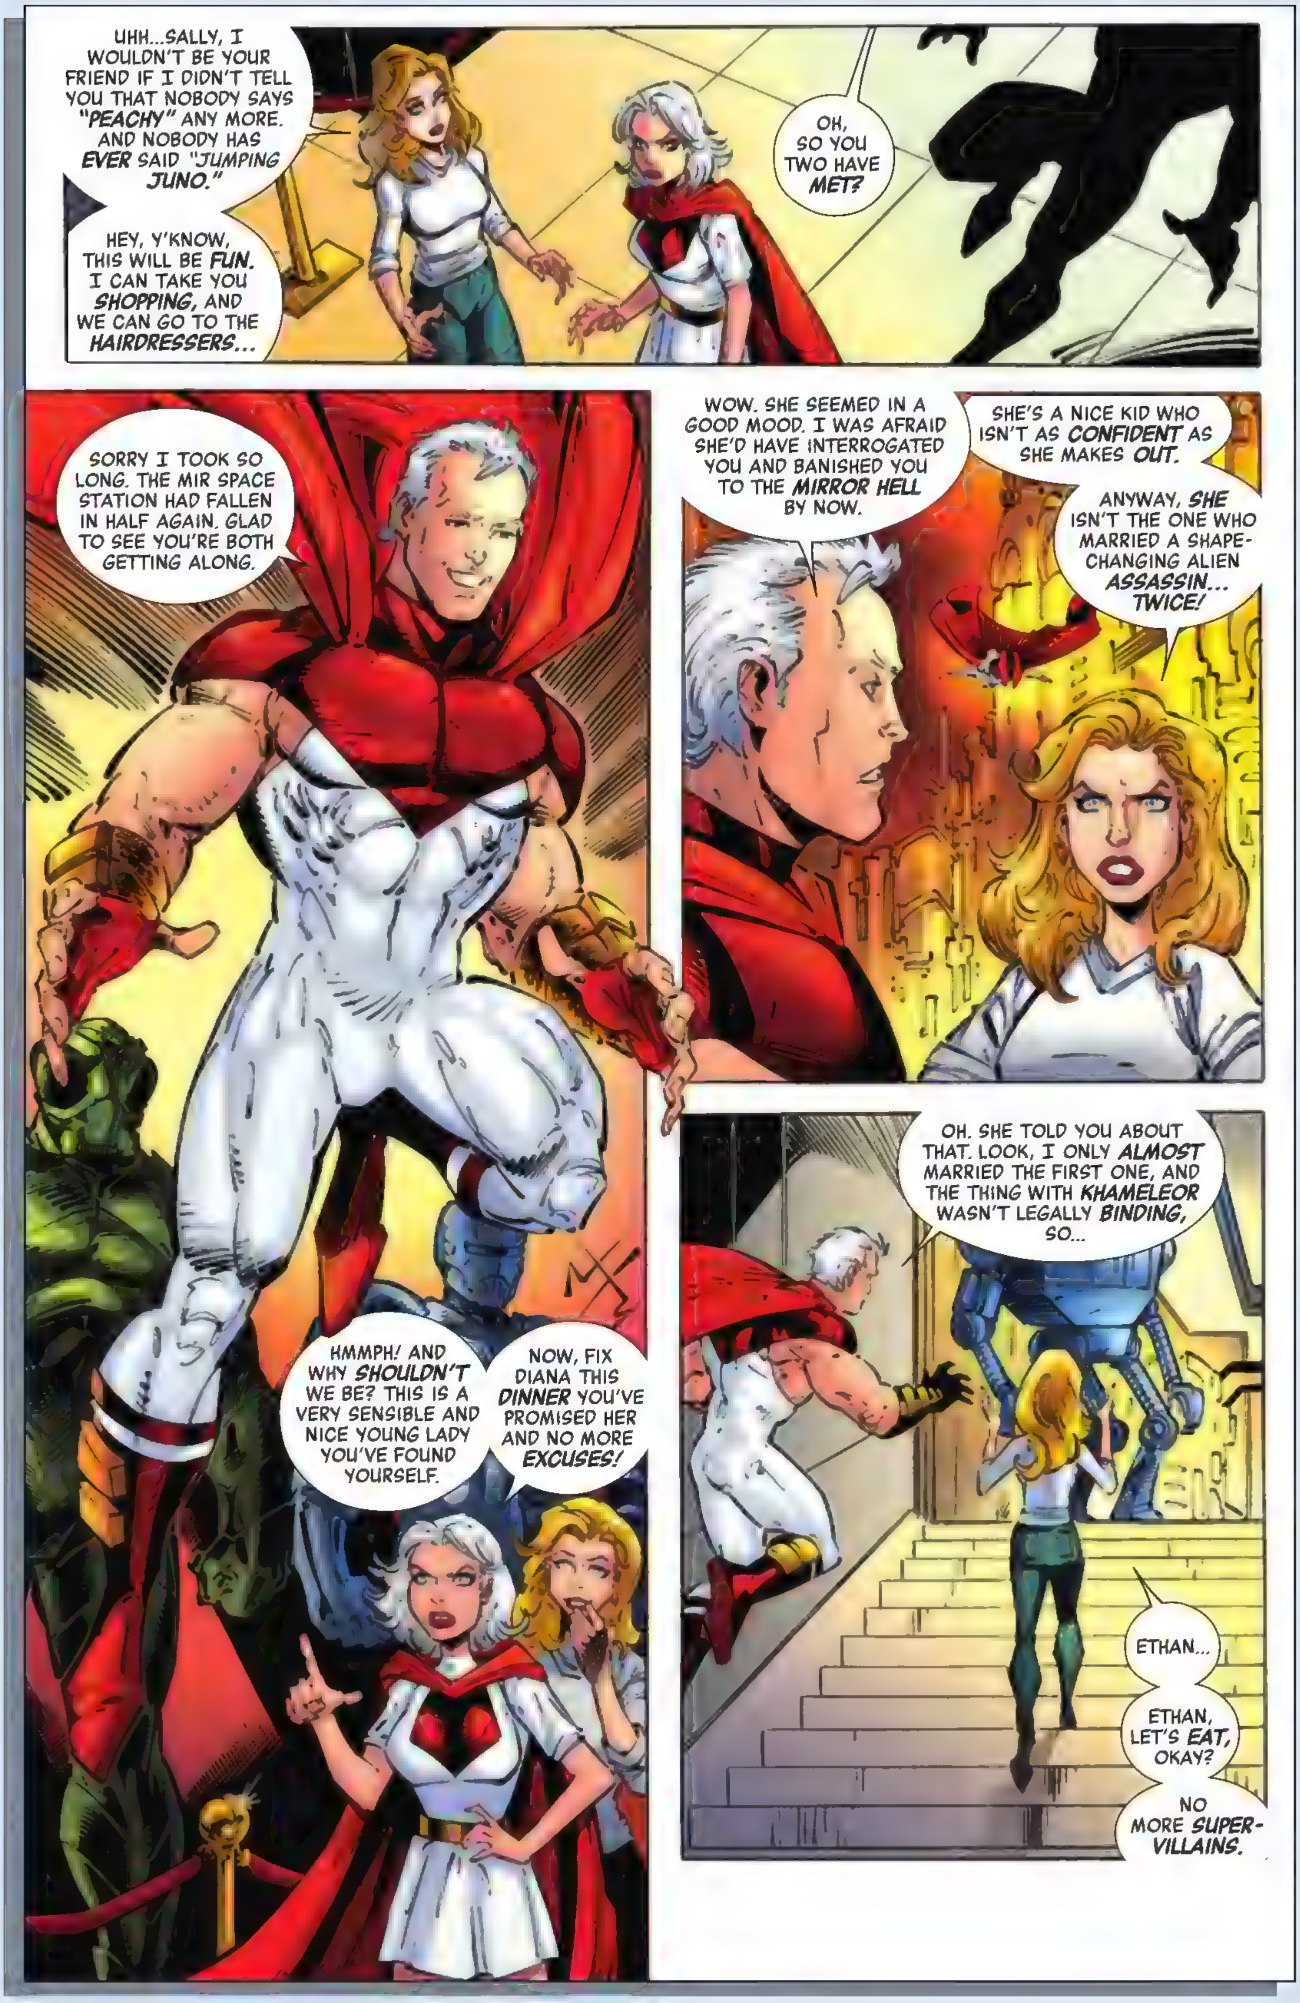
I'M SUPREMA, AND I'M HIS SISTER. WE MET ONCE BEFORE, BUT YOU PROBABLY WOULDN'T REMEMBER!
SO, WHAT ARE YOU DOING IN THE CITADEL UNATTENDED? YOU BETTER NOT HAVE BEEN IN MY ROOM!
HUH! OH, WELL, I SUPPOSE YOU MIGHT JUST AS WELL KNOW EVERYBODY'S SECRET IDENTITY! YES, I'M SALLY CRANE, WHO YOU MET IN THE COFFEE SHOP.
ANYWAY, IF YOU'RE GOING TO GO OUT WITH MY BIG BROTHER, THERE'S THINGS I NEED TO KNOW!
A-ASK AWAY.
I...I HAVEN'T. I WOULDN'T.
IT'S JUST THAT ETHAN... THAT SUPREME BROUGHT ME HERE FOR A MEAL, THEN HE HAD TO GO TACKLE SOME EMERGENCY.
Y-YOURE RIGHT, I DON'T REMEMBER MEETING YOU BEFORE, UNLESS... OH MY GOD! YOU WEREN'T THAT GIRL IN THE COFFEE SHOP?
OKAY. FIRSTLY, ARE YOU BY ANY CHANCE A SHAPE-CHANGING ALIEN FROM THE SUPREME RETRIBUTION CORPS, INTENT ON MARRYING SUPREME,,,ONLY TO DESTROY HIM?
SORRY TO ASK, BUT YOU'D BE SURPRISED HOW OFTEN THAT HAPPENS.
I-IT'S OKAY. I'M NOT AN ALIEN, AND I'M NOT PLANNING ON MARRIAGE.
HAS THAT REALLY HAPPENED?



TWICE SINCE 1958. ETHAN CAN BE *VERY* GULLIBLE.
OKAY, IF YOU'RE NOT AN *ALIEN*, ARE YOU HOPING TO GAIN SUPER-POWERS, PERHAPS IN A FREAK ACCIDENT INVOLVING BLOOD-TRANSFUSION?
WAIT! I KNOW! YOU'RE A *CLONE!*
SUPREMA, LOOK, PLEASE DON'T TAKE OFFENSE AT THIS, BUT...WELL...ARE YOU *MENTAL?*
I MEAN, WHAT HIDDEN MOTIVE DO I *NEED?* ETHAN'S *GORGEOUS!*
B-BUT... WHAT DOES *THAT* HAVE TO DO WITH SAVING THE *UNIVERSE?*
HUH? SUPREMA, LISTEN, *UNIVERSE-SAVING* ISN'T A BIG *PRIORITY* IN MODERN RELATIONSHIPS. HAVE YOU BEEN, LIKE, OUT OF *CIRCULATION* FOR A WHILE?
W-WELL, I GUESS. I GOT MARRIED REAL *YOUNG...*
YOU WERE *MARRIED?* AND, WHAT, WAS HE THIS REAL *POSSESSIVE* TYPE WHO KEPT YOU *INDOORS* ALL THE TIME?
NO. HE WAS A *GALAXY*. HE KEPT ME IN SUSPENDED *ANIMATION.*
Y-YOU THINK I'M *PRISSY,* DON'T YOU?
I MEAN, EVERYBODY IN *YOUNGBLOOD* THINKS I'M PRISSY!
EVEN *TWILIGHT,* SHE'S MY BEST FRIEND, AND SHE DOES THIS *IMPRESSION* OF ME THAT'S ALL *SQUEAKY,* LIKE A *CARTOON?*
I OVERHEARD HER WITH MY *SENSES SUPREME.*
SUPREMA, LISTEN, YOU'RE OKAY. YOU JUST NEED SOME FRIENDS WHO AREN'T *SUPER.*
LOOK, IF YOU WANTED, WHEN YOU'RE IN *OMEGAPOLIS,* WE COULD HANG *OUT* TOGETHER.
Y-YOU MEAN LIKE *GIRLFRIENDS?* JUMPING *JUNO!* THAT WOULD BE *PEACHY!*



UHH...SALLY, I WOULDN'T BE YOUR FRIEND IF I DIDN'T TELL YOU THAT NOBODY SAYS "PEACHY" ANY MORE. AND NOBODY HAS EVER SAID "JUMPING JUNO."
HEY, Y'KNOW, THIS WILL BE FUN. I CAN TAKE YOU SHOPPING, AND WE CAN GO TO THE HAIRDRESSERS...
OH, SO YOU TWO HAVE MET?
SORRY I TOOK SO LONG. THE MIR SPACE STATION HAD FALLEN IN HALF AGAIN. GLAD TO SEE YOU'RE BOTH GETTING ALONG.
HMMPH! AND WHY SHOULDN'T WE BE? THIS IS A VERY SENSIBLE AND NICE YOUNG LADY YOU'VE FOUND YOURSELF.
NOW, FIX DIANA THIS DINNER YOU'VE PROMISED HER AND NO MORE EXCUSES!
WOW. SHE SEEMED IN A GOOD MOOD. I WAS AFRAID SHE'D HAVE INTERROGATED YOU AND BANISHED YOU TO THE MIRROR HELL BY NOW.
SHE'S A NICE KID WHO ISN'T AS CONFIDENT AS SHE MAKES OUT.
ANYWAY, SHE ISN'T THE ONE WHO MARRIED A SHAPE-CHANGING ALIEN ASSASSIN... TWICE!
OH. SHE TOLD YOU ABOUT THAT. LOOK, I ONLY ALMOST MARRIED THE FIRST ONE, AND THE THING WITH KHAMELEOR WASN'T LEGALLY BINDING, SO...

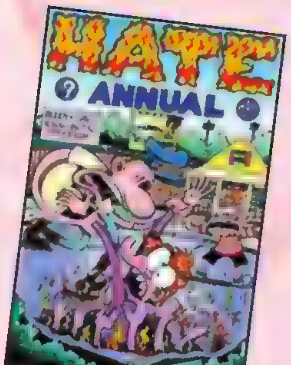
We Love Comics!

Here at ***PREVIEWS***, "We Love Comics" is not just a slogan we roll out once a year or so, it's how we truly feel about our beloved four-color (and B&W) passions. The members of our Comics Team of brand managers (and other staffers) love comics, and everyone has a favorite. This month, we're letting our readers know that "We Love Comics", and throughout this issue you can find short declarations of that love to a myriad of titles and their creators. Heck, even some of our publishers and creators got in on the fun this month…



I love ***HATE ANNUAL #9*** because even though Peter Bagge is living in a Libertarian dreamland now (Ha. Sorry, Pete!), I love following Buddy Bradley's inexorable march toward Middle-American decrepitude, one that mirrors my own a little too closely.

Derf Backderf, Cartoonist

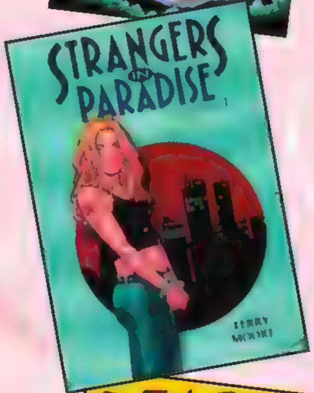
Hate Annual #9 (Fantagraphics / FEB111043)

INVINCIBLE
ULTIMATE COLLECTION
1

I love ***INVINCIBLE*** because it really is the best superhero comic in the entire universe!

Tim Lenaghan, Diamond

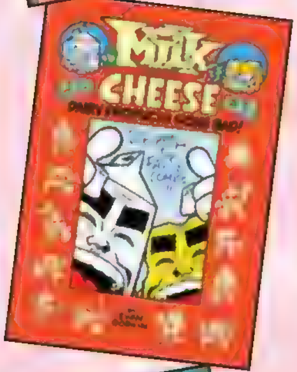
Vol. 1 Ultimate Coll. HC (Image Comics / DEC078027)



I Love ***STRANGERS IN PARADISE*** because it gives us the best depiction of relationships, love denied, and co-dependency ever in comics. And besides, Tambi said I had to…

Steve Leaf, Diamond

SiP Vol. 1 Pocket TP (Abstract Studio / MAY042161)



I love ***MILK & CHEESE*** because Evan Dorkin cures the stupid. Watch out — he won't take no sass!

Sarah Martinez, Diamond

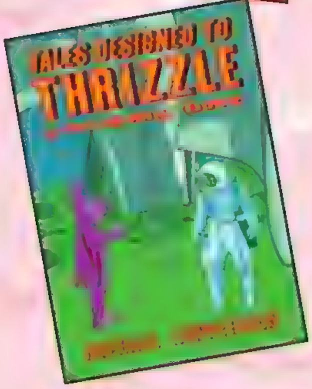
M&C: Dairy Products Gone Bad HC (Dark Horse Comics / AUG110049)

PRISON PIT
BOOK ONE

I love ***PRISON PIT*** because it makes every other action comic look like *Mary Worth*.

Eric Reynolds, Assoc. Editor, Fantagraphics

Volume 1 SC (Fantagraphics / AUG090885)



I love ***TALES DESIGNED TO THRIZZLE*** because it's haunted with real dead Indian flavor!

Mike Baehr, Marketing Director, Fantagraphics

I love ***RICHARD STARK'S PARKER: THE HUNTER*** because Parker's a hard-jawed force of nature you can't follow fast enough.

Andrew Gertz, Diamond

Two mighty Clockwork Empires are fighting for domination of the planet. Beneath the waves of the English Channel armadas of clockwork submersibles are massing for invasion, while above Imperial Russia's newly invented AirKites fight for supremacy of the skies. But in their search for more ingenious and deadly devices these empires have awoken an ancient Clockwork Civilization. A clock, stilled 3,000 years ago, has begun ticking again. This is the Age of the Clockwork Empires and in 1803 this is how it began! (STK461884) (C: 0-0-1)

FREEDOM #1
Potato Comics

History is... boring. Or at least it is when told in the clinical, black and white nature we all remember from our 11th-grade textbooks. Only when we see the struggles from history told from the perspective of those who lived it, do we see that history is a lot more interesting. "Facts" can be manipulated, gruesome details omitted, and very rarely is there ever a clear definition of good or evil.

Freedom is the American Revolution told through the eyes of one young, headstrong boy who will find himself directly in the path of inevitable war between two powerful nations. This story isn't an account of which side emerged victorious at what battle, but a tale of our ancestors who struggled to live in the violent battlefields they simply called "home."

Everything about this book proclaims a passion for the style and history it is derived from. The layout, the lettering, the inking style that feels like wood-cut printing, all embody the time period of the story to make the book itself a part of the experience. Transitioning effortlessly between powerful emotion and moments of humor, Heffernan's visuals transmit the sentiment to near exactness. *Freedom* not only refers to the theme of this infamous time in American history, but it also reflects the spirit of the book itself. This is an ambitious, painstaking struggle to deliver a story on one's own terms and, in my opinion, this struggle has resulted in something special.

Now, after 15 years of clamouring from fans, the complete six-year run is finally collected in a single volume, including extra features. Introduction by Garth Ennis. (STK461925) (C: 0-1-2)

ORION

Art and Script by Gray Morrow

In our long-standing mission to present rare comics treasures, Hermes Press is reprinting the entirety of legendary artist Gray Morrow's Orion from the pages of *Heavy Metal* magazine. Orion is Morrow's 1978 sword and sorcery masterpiece about an Errol Flynn-like swashbuckling hero who battles evil on a strange and mystical world. Most of Gray Morrow's Orion will be shot directly from Morrow's original hand-colored artwork, and reproduced in full color.

Gray Morrow burst into comics in the 1950s, bringing his classic Alex Raymond-inspired style on everything from paperback covers to newspaper strips. Morrow's work graced several issues of the Warren magazines, Classics Illustrated, and westerns for DC Comics (including *El Diablo* with writer Robert Kanigher). Morrow also served as editor of Archie Comics' short-lived Red Circle horror line in the '70s, which included art by his contemporaries such as Alex Toth and Angelo Torres. As a comic strip artist, he drew the late 1970s incarnation of *Buck Rogers*, as well as an eighteen year-long stint on the Sunday *Tarzan* strip. He died in 2001, after succumbing to Parkinson's and general failing health.

Proceeds from Orion are going to Morrow's wife Pocho Morrow. Accompanying Orion will be a biographical essay by Chris Irving as well as more samples of Morrow's inimitable artwork and storytelling and several back-up stories.

Gray Morrow's Orion; Gray Morrow art and script; graphic novel; 144 pages; Complete Orion story and back-up material. Historical essay, documentary materials; Full color; deluxe paperback with heavy cardstock cover with flaps and endleaves; extra large format; mostly reproduced directly from the original art; 9 x 12 x.75 inches; mature readers; $39.99.

100 MONTHS GN

(W/A/CA) John Hicklenton

The final work of a comics visionary, this intense, hallucinatory story with artwork of breathtaking intensity is a true graphic novel, engaging ultimate themes of life, death, and salvation. The late John Hicklenton was one of Britain's leading comic book artists, famous for the brutal, visceral draughtsmanship he brought to *2000AD*. His final graphic novel is a parable of environmental devastation, depicting the quest of Mara, Warrior and Earth Goddess, as she seeks revenge against the Longpig: a Satanic personification of capitalism, red in tooth and claw, whose followers, a legion of the damned, look quite a lot like us. This book was drawn and written in foreknowledge of his imminent death, and its insight into universal themes of life, death, salvation, and damnation seems to come from a place between worlds. THE Shadow

AN INTERVIEW WITH "THE SHADOW" WRITER, GARTH ENNIS

Tell us about your Shadow story... the period, the setting and who's in it.
The story is called The Fire Of Creation, and it's set in early 1938. Stormclouds are gathering over Europe and the Far East but most Americans remain oblivious; domestic crime being more of a concern than international affairs. Most obviously the story features The Shadow himself, twin .45s a-blazing. We'll see his alter-ego Lamont Cranston and his lover Margo Lane, as well as a number of new characters- most notably Pat Finnegan of US Military Intelligence, Major Taro Kondo of the Japanese equivalent, and a Chinese Bandit warlord by the name of Buffalo Wong. As to location, we begin on the gloomy quays of the New York waterfront and then move (courtesy of Pan Am's China Clipper) to the Fabulous Orient, specifically Japanese-occupied Shanghai.

What material are you drawing on for inspiration, both from the Shadow side and the factual end of your story.
I looked at a variety of Shadow comics, but the only one that really grabbed me was the Howard Chaykin story from the mid-80s. Of course, I'm not doing an update, so Howard's story was of limited use to me- but I feel he came closest to capturing the feel of how the character would actually be. Other comics provided character details, but didn't particularly impress me.

In terms of research, I've done a lot of reading on this period independently of the project anyway. With a good chunk of the story set in Japanese-occupied China, two books I found helpful were *Nemesis* (published in the US as *Retribution*) and *All Hell Let Loose* (US title *Inferno*), both by the English historian Max Hastings.

How do you approach a character like the Shadow as opposed to say, the Punisher? What are their differences and what are their similarities? You added many layers to the Punisher, what layers are you adding to the Shadow?
They're alike in that they're both vigilantes, both extremely dangerous, both excellent tactical thinkers, but that's where the similarities end. Frank is a down-to-earth type interested only in the job at hand, in doing it as quickly and efficiently as possible. The Shadow has a strong sense of the dramatic and quite often has some grand scheme in mind, both in terms of spreading fear through the criminal underworld and guiding the world in a certain direction- in other words, serving fate. Then there's the mystical element to the character, which is something I found fascinating, and what I saw as a slightly sadistic streak in the way he deals with certain opponents; the fact that he laughs while despatching them is quite telling, I think. Yet at the same time he can, actually, show mercy when he deems it appropriate. Not so Frank.

Speaking of the Shadow's trademark laugh, I decided from the get-go that I was going to be quite sparing with it. I read several Shadow comics where the background would fill with HA HA HA every time he even threw a punch, which didn't take long to get completely ludicrous. I resolved to have him laugh only when it was most effective- you'll see him have a good old guffaw in #6, when something downright hilarious happens (although how funny you'll find it will depend on your sense of humour).

I don't think I added any layers to Frank Castle, all I did was say- this is who this guy is and who he'll always be, and youwon't be able to tell good Punisher stories unless you stay true to that. I wasn't too interested in many of the other Punisher comics that had appeared, or what other writers had established the character as being; it was the potential I saw in the concept that attracted me. Likewise, when it comes to the Shadow I'm more interested in how I see the character and what I think can be done with him, rather than what's been set up as gospel in any of his prior appearances.

What aspects of a character, originally created in the 30s, resonate today? What aspects of the setting and period are appealing to you as a storyteller?
It's such a fascinating period of history; it manages to be both romantic and grim at the same time. On the one hand you have the expansion of air travel and the newfound possibilities for people to explore their world; mysterious far-off places are suddenly in reach of adventurous souls who want to experience the opium dens of Shanghai, the deserts of outer Mongolia, etc. There's also the growing confidence- and decadence- of American society, a sense of the country just beginning to come into its own as a world power. On the other hand, of course, the Second World War is on its way- with hints of what's to come in Spain and China, as Fascism and Japanese Imperialism begin flexing their muscles. Most people in the know can sense something's coming- they either hide from it in self-indulgence, or begin figuring out how best they can serve their chosen side. People like Lamont Cranston will obviously be doing some careful thinking.

As for the character, I've liked the Shadow ever since I first set eyes on him. He has a fantastic look, with the fedora, the scarf, the overcoat and the twin pistols, as well as those eyes that burn right into your soul. He's quite clearly a man on a mission, dedicated to- even obsessed with- serving some higher cause. Thinking about it, he's probably the last established character I care about that I haven't gotten around to writing yet, certainly on this side of the Atlantic. Our paths were bound to cross sooner or later.

Who's a bigger bastard, Lamont Cranston or Nick Fury?
Cranston, by a long way. Fury's capable of some extremely savage behaviour when he's in combat, but that's just a matter of the exigencies of survival. Cranston is a schemer and a plotter, enjoying the opportunities fate grants him to eliminate the servants of evil. If you're one of the bad guys, the Shadow laughs while he's killing you. There's the clue.

THE SHADOW: BLOOD & JUDGMENT TRADE PAPERBACK

120 pages FC • $19.99 • Mature • (C:0-1-2)
Story, art and cover by ***HOWARD CHAYKIN***

Written and illustrated by legendary and award-winning comic book creator Howard Chaykin, The Shadow: Blood & Judgment is collected for the first time since 1991!!! Chaykin's dynamic, visceral style added a new dimension to The Shadow of the 1980's!

The laugh had vanished...the mocking, sinister laugh that signaled doom for the petty souls whose wrongdoing stained the world. It was gone, lost in the night that echoed it. Now, one by one, his friends and operatives are being ruthlessly murdered. Someone is trying to draw him out. Thirty-five years later, it is time for him to return. The laugh is here again.

The Shadow is back. God help the guilty.

PRAISE FOR THE SHADOW: BLOOD & JUDGMENT:
"Not since Walter Gibson has anyone been better suited to The Shadow than Howard Chaykin." - **MARK WAID**

"This is my all-time favorite Howard Chaykin comic book. This is him at the tip-tip-top of his game and, yeah I'll say it, the best Shadow story ever published!" - **BRIAN MICHAEL BENDIS**

"Chaykin at his ballsiest and most dynamic. This is how the Shadow should be done." - **JASON AARON**

"Howard Chaykin was one of the few who dared to make mainstream comics different back in the eighties; it was guys like him, Alan Moore and Frank Miller who made sure there'd be no going back. Howard's work on The Shadow is amongst his very best: razor-sharp character work, sizzling dialogue and an unsurpassed sense of layout and design." - **GARTH ENNIS**

"The reintroduction of The Shadow in the 1980s in Howard Chaykin's mini-series was one of the most striking comics of the era. A bold, violent, and modern vision combined with the original caped hero archetype captivated me as a reader." - **ALEX ROSS**

"Sharply written, uber-stylish and dead sexy. Yes, Chaykin made The Shadow sexy!" - **JOHN CASSADAY**

"A comically insolent and graphically innovative re-invention of the grandfather of the superhero." - **WARREN ELLIS**

"The iconic 80s miniseries is back. Some creators use noir themes and images as though they're throwing them into a shopping basket. Chaykin makes them look as though they didn't even exist until he came along." - **MIKE CAREY**

"Who knows how to write and draw great suspense, action, and characters that literally pop off the page? THE CHAYKIN KNOWS -- HAHAHAHAHA!!!"
- **PETER J. TOMASI**

"IT'S TIME TO GET OFFENDED AGAIN. Welcome back, Mr. Cranston. Welcome back, Mr. Chaykin... we need you both now more than ever. Who knew that underneath all the cocaine, black marble, and rayon that the Eighties had a heart of pulp? As always, Chaykin -- and the Shadow -- knows..."- **MATT FRACTION**

READ THE GREAT BUZZ WE HAVE RECEIVED FOR FLASH GORDON: ZEITGEIST #1!

"This is a promising start to Dynamite's latest attempt to revive a classic comic icon." - IGN

"Flash Gordon: Zeitgeist is an exceptional introduction to the series, one that feels at home on Earth and in outer space. Both writer Eric Trautmann and artist Daniel Indro perfectly mix that fantastic and wicked world of Ming the Merciless, with the nostalgic and hopeful one of Flash Gordon. With the hunt now on for the 20th century's most evil mind, Flash Gordon: Zeitgeist will no doubt continue to thrill." - BROKEN FRONTIER

"...Dynamite has done it again with this revival of an old familiar franchise. I can't wait to read more." - COMIC VINE

"The set up here is well paced and the art work by Daniel Lindro has a real classic, pulp fiction quality to it. Bottom line: If you like sci-fi and 1930's-40's period drama, then this book is for you. Highly recommended!" - COMIC HYPE

JERUSALEM: CHRONICLES FROM THE HOLY CITY HC

(W/A/CA) Guy Delisle

Guy Delisle expertly lays the groundwork for a cultural road map of contemporary Jerusalem, utilizing the classic stranger in a strange land point of view that made his other books, such as *Pyongyang*, required reading for understanding what daily life is like in cities few are able to travel to. In *Jerusalem: Chronicles from the Holy City*, Delisle explores the complexities of a city that represents so much to so many. He examines the impact of the conflict on the lives of people on both sides of the wall while drolly recounting the quotidian: checkpoints, traffic jams, and holidays. When observing the Christian, Jewish, and Muslim populations that call Jerusalem home, Delisle's drawn line is both sensitive and fair, assuming nothing and drawing everything. (STK461782)

Certified Cool

Much of Amber Albrecht's work is inspired by the dreaminess of childhood, whether expressing her cloudy recollections of the storybooks she read as a child or the forested West Coast landscapes that surrounded her. On the pages of *Idyll*, a series of interconnected myths emerges fully formed, each myth articulating a sense of wistfulness for a past that never was. *Idyll* employs female iconography in myriad way — many of these works feature female figures, the lushness of the natural environment, and female-associated textures. Albrecht's Idyll communicates questions about loneliness, passivity, and loss through investigations of femininity and nostalgia for an imagined past. (STK461784)

PYONGYANG: A JOURNEY IN NORTH KOREA TP

(W/A/CA) Guy Delisle

In early 2001 cartoonist Guy Delisle became one of the few Westerners to be allowed access to the fortresslike country of North Korea. While living in the nation's capital for two months on a work visa for a French film animation company, Delisle observed what he was allowed to see of the culture and lives of the few North Koreans he encountered; his findings form the basis of this remarkable graphic novel. SHENZHEN: A TRAVELOGUE FROM CHINA SC

(W/A/CA) Guy Delisle

Shenzhen is entertainingly compact with Guy Delisle's observations of life in urban southern China, sealed off from the rest of the country by electric fences and armed guards. With a dry wit and a clean line, Delisle makes the most of his time spent in Asia overseeing outsourced production for a French animation company. He brings to life the quick pace of Shenzhen's crowded streets. Delisle skillfully notes the differences between Western and Eastern cultures, while also conveying his compassion for the simple freedoms that escape his colleagues in the Communist state. Winner of the Grand Prize at France's Angouleme Comics Festival in 2009. In this dark rendition, a greedy Geppetto builds Pinocchio as a metallic weapon of war, while Jiminy Cockroach is a homeless squatter living the good life in Pinocchio's skull. Exquisite drawings by celebrated cartoonist Winshluss bring to life a rich tale of greedy fools, lust, sadness, redemption, and hope. THE FAIRY TALES OF OSCAR WILDE VOLUME 5: THE HAPPY PRINCE HC
(W/A/CA) P. Craig Russell
The Happy Prince is arguably the most famous and well loved of Oscar Wilde's nine fairy tales, rivaled only by *The Selfish Giant.* It is also a very timely tale at a time of controversy over the increasing chasm between rich and poor. The Happy Prince has lived a life of opulence but has died young, and his soul inhabits a beautiful ruby encrusted statue covered all over in gold leaf. From his perch high above the city he is witness to all the poverty, misery, and hopelessness in which his people have been living. When a small barn swallow in flight to the warm south ahead of the approaching winter stops to rest upon the statue the Happy Prince prevails upon him to delay his travels in order to remove his gold leaf a piece at a time and shower it upon the poor citizens. Out of love for the Happy Prince the swallow does his bidding. As the days pass the Prince's beauty is stripped away and as winter sets in the bird's fate is sealed. In the spring the townspeople finding only a dull statue with a broken lead heart and a dead bird consign the worthless objects to the ash heap. Only an emissary of God recognizes them as the most valuable treasures of the city and brings them to the gardens of heaven. (STK461687)

But will bad English food, drink, and weather do the Gauls in first? The Gauls face a Norman invasion in *Asterix and the Normans*. FREEDOM #1

(W/A/CA) Seamus Heffernan

Freedom is a Xeric Award-winning, action-packed and irreverent historical fiction that draws as much from the myths of America's founding as it does from the facts. The first issue introduces Adam Farr, a teenager in pre-Revolutionary Massachusetts, who finds himself at odds with the British Army and the Sons of Liberty. Soon, his fate takes a sharp turn when the conflict between the British and the Patriots engulf him. (STK461674)

PTERODACTYL HUNTERS IN THE GILDED CITY (ONE SHOT)

Top Shelf Productions

Brendan Leach spins a remarkably powerful fantasy short story in the dinosaur-infested urban sprawl of the early 20th-century. With no lengthy explanation of how and why there are still thunder lizards hunting humans in the New York City streets, Leach drops the reader square in the middle of a hunt. Adrenaline runs high while three men in a tiny hot air balloon basket fight an aerial battle against a predator that far outclasses them in speed, size, and maneuverability. Yet, it's the aftermath that makes this such a subtle and intriguing read!

Eamon and Declan are brothers by blood and by shared membership in a heroic profession. Yet Eamon's the one up in the basket every night, while Declan remains in the watchtower. Declan's young still, and he does understand rationally that he's not ready—but the pterodactyls are nearing extinction. Eamon and the team are very good at their job, leaving Declan with little hope for his own shot at heroism. Worse, no matter who slays the final beast, the City will disband the Hunters and leave Declan and his brother without prospects or the safe legacy of his family's traditional trade.

A brilliant and totally immersive one-shot, this is a must read! But that's not just my opinion. It was honored with a Xeric Grant and inclusion in 2011's *Best American Comics* (AUG111091). This stand alone release was a long time coming and more than well-deserved.

BOOK ONE SAVE YOURSELF

PRINCELESS TP
Action Lab Entertainment

Who says a princess has to be dainty and wait to be rescued?

Princess Adrienne is so over being locked up and waiting for her prince to come. Reaching an unbearable state of boredom, Adrienne decides to rescue herself! She befriends the dragon guarding her tower and takes up the sword. Now she is on a quest to rescue her six sisters from similar fates!

I love that *Princeless* defies fairy tale conventions and pokes fun at all the plot holes in the princess/prince stories we grew up with. It offers an empowering story staring an unconventional heroine both girls and boys can relate to.Though this is geared towards a younger market, it is also smart enough to entertain adults.The art is wonderfully drawn with every imaginable shade of pink under the sun – and lush purples, too!

If you have not picked up the comic, now is the perfect time to order the trade and fall in love with the adorable self-rescuing princess and her pink flying dragon, Sparky.

GRAY MORROW'S ORION DELUXE TP
Hermes Press

Swords and sorcery adventures worthy of Robert E Howard, Michael Moorcock, and Fritz Leiber's best stories are illustrated at a level few other than Alex Raymond, Hal Foster, Al Williamson, and Wally Wood have mastered.

With most of the book shot directly from Gray Morrow's hand-colored original art this collection of his *Orion* strip that originally ran in *Heavy Metal*, Hermes Press' collection of Gray Morrow's *Orion* is an excellent tribute to one of comics' most underappreciated creators and demonstrates that Morrow belongs on the level of Raymond, Foster, and their peers.

Featuring stories by master storyteller and multiple Hugo nominee Gray Morrow, these stories feature Orion the Wanderer and Mamba the Mercenary take you to a world that Sinbad should inhabit and Harryhausen should be filming. Orion is cut from the same heroic cloth as Errol Flynn's Captain Blood or Tyrone Power's Zorro, and Gray manages to pull you into his stories much the way viewers were drawn into these movies.

Morrow's comics work was of a level few could maintain and I can't recommend it highly enough. I hope to see his Buck Rogers and Tarzan strips collected and look forward to adding *Orion* to my bookshelves right next to Insight Studios' *Gray Morrow:Visionary*.

LANDMARK PEOPLE & EVENTS: *Harlan Ellison*

The very first "fan-letter" ever received by Graphitti Designs, come from none-other than Harlan Ellison. Shortly after the release of our first shirts, a typed letter/order was received by us from Harlan for these shirts. He ended his letter with the following: "I look forwards to receiving these two items with the glee and expectancy of childhood. What a splendid novelty item for you to have caused to exist!" Out of all the writings of Harlan over the decades, these two simple sentences are in my opinion, his most eloquent! He unknowingly validated the existence of the fledgling Graphitti Designs...and made my day. Not only did Harlan quickly become one of Graphitti Designs biggest supporters, but he was become a spokesperson (and model) for our shirts. He wore our shirts everywhere. Thank you Harlan for the years of friendship, inspiration and support you have provided...and for letting us dress you!

FIREFLY: MAL REYNOLDS' METAL-PLATED PISTOL REPLICA

Mal's favorite sidearm just got shinier! QMx is proud to offer this metal-plated, screen-accurate replica of the iconic sidearm carried by Captain Malcolm Reynolds of the *Firefly*-class transport, *Serenity*. Years of development have gone into creating this entirely new, non-firing replica of Mal's pistol. Using a mold of the original stunt pistol carried by actor Nathan Fillion, we've created a highly detailed piece, from the grips to the trigger to the barrel. Measuring 14" from the tip of the barrel to the back on the hand-painted simulated wood grips, our Mal pistol weighs in at just over a pound, giving it a solid heft. The body is cast in polystone and composed of several metal-plated parts, then painted and weathered to match the antique brass color of the original hero prop, prior to final assembly. Using the 3-D solid model files used to create the screen-used props, QMx has created an exact replica of the Argus Cube in passive mode. With a polystone core, the exterior of the cube is plated with a smooth pearlescent coating, perfectly replicating the semi-organic, semi-metallic finish of the hero prop. Each cube measures 2" on each side and weighs approximately 8 ounces. (STK460957) Scheduled to ship in April 2012. (7814/SP8001) (C: 0-1-4)

APOLLO 11
LUNAR MODULE "EAGLE"

NASA APOLLO 11 LUNAR MODULE 1/48-SCALE DIE-CAST MODEL

Imported from Japan! Apollo 11 is perhaps the most famous space mission of all time. This spaceflight put man on the Moon for the first time on July 20, 1969 as millions of TV viewers around the world watched with anticipation. Neil Armstrong and Buzz Aldrin were the two American astronauts to walk on the lunar soil of the southern Sea of Tranquility. They arrived aboard the Lunar Module (LM) that had been christened Eagle in honor of the bald eagle, the national bird of the USA. For the first time, the Lunar Module is being offered in 1/48 scale. This larger scale permits more detail and offers greater scope for it to be set in a lunar diorama scene. Alternatively, the model works extremely well as a stand alone desktop decoration. With the touchdown of this new 1/48 scale LM from Dragon, the Eagle has well and truly landed! (STK461976) Scheduled to ship in April 2012. NASA REDSTONE ROCKET WITH MERCURY CAPSULE DIECAST MODEL

Imported from Japan! NASA modified a Redstone missile to create a 25.5m-long manned space launch vehicle that was designed to carry astronauts into space. The Redstone was selected because of its good safety record, and an upgraded Rocketdyne engine was combined with a Mercury spacecraft. Dragon's Space Collection now features a 1/72-scale readymade model of the successful Mercury-Redstone combination. The full rocket launch system is captured perfectly in miniature, and the Redstone rocket stems from all-new toolings. The Mercury spacecraft is perched atop the launch vehicle, and the surface pattern of the ablative heat shield is particularly well done. Mercury-Redstone program was an important step in space travel, and now collectors can make this journey too! (STK461975) Scheduled to ship in April 2012. (1334/DRW50403) (C: 1-1-4) **NOTE:** Available only in the United States, Canada, and U.S. Territories.

NASA APOLLO 15 COMMAND SERVICE MODULE 1/72-SCALE DIECAST MODEL

Imported from Japan! The fourth American space mission to land on the Moon was Apollo 15, the first of the "J missions" that permitted a longer stay on the Moon's surface to allow more intensive scientific experimentation and exploration. Dragon's immensely popular Space Collection expands with a 1/72-scale model of the Apollo 15 CSM performing its space mission. The spacecraft has brand new parts, and it's delivered fully finished and pre-painted so as to be ready for immediate display. A notable visual feature of the model is the distinctive antennas. As well as the steerable S-band high-gain (deep space) antenna for communications with Earth, there is a long HF dipole center-feed antenna. This Apollo model performing its very first "J Mission" will add something special to any space collection! (STK461974) Scheduled to ship in April 2012. (1334/DRW50397) (C: 1-1-4) **NOTE:** Available only in the United States, Canada, and U.S. Territories.

Die-Cast $64.99

NASA GEMINI SPACECRAFT 1/72-SCALE DIECAST MODEL

Imported from Japan! Project Gemini was designed to develop space travel techniques with a view to putting man on the Moon under the subsequent Apollo project. One of the highlights of Gemini IV was the first American spacewalk in June 1965. Dragon's 1/72-scale Space Collection model commemorates these groundbreaking Gemini spaceflights. The model includes a Gemini spacecraft as well as a spacewalking astronaut. The hatch is shown open, allowing a good view of the interior of the cramped spacecraft. The two astronauts are extremely well sculpted in this scale — one performs a spacewalk while tied to his 8m-long tether, and the other is monitoring proceedings from inside the capsule. Such a legendary scene has been captured poignantly in this fine new model! (STK461973) Scheduled to ship in April 2012. (7717/DRW50390) (C: 1-1-4) **NOTE:** Available only in the United States, Canada, and U.S. Territories.

Die-Cast Model $44.99

NASA MERCURY FREEDOM 7 1/72-SCALE DIECAST MODEL

Imported from Japan! The first manned sub-orbtial flight was the goal of Project Mercury, with the ultimate aim of putting a man in orbit around the Earth. Mercury is a Roman god, and is often representative of speed, so the name was apt as the small spacecraft soared around Earth. North American Aviation was contracted to design and build the Little Joe boosters for the Launch Escape System (LES), while McDonnell Aircraft Corporation was the prime contractor for the 20 Mercury capsules that were made. This 1/72-scale die-cast features an aesthetically-pleasing color finish with delicate imprinted markings. (STK461970) Scheduled to ship in April 2012. (7717/DRW50384) (C: 1-1-4) **NOTE:** Available only in the United States, Canada, and U.S. Territories.

A cologne that pays homage to the confident, stand-up-to-bullies, hard working average Joe in every man, *Patriot Cologne* is both reserved and sexy, like a symbol on a shield or a moniker on a motorcycle helmet. Flaunt your divinity with *Worthy*, a woody citrus cologne with a unique, meaningful combination of bergamot, frozen ginger and wheatgrass blended with a hint of fresh natural grapefruit and layered deeply with aromatic cypress, protecting and enhancing a deep, dry masculine (dare we say almost God-like?) musk. Yuzu, bergamot and tarragon create in *SMASH!* clean, clear top notes along with unexpected accords of water lily and nutmeg, then carries an intense woody drydown enriched with Indian sandalwood, vetiver, musk and sharp cedar. GRAVE OF THE FIREFLIES

GRAVE OF THE FIREFLIES REMASTERED EDITION DVD

As the Empire of the Sun crumbles upon itself and a rain of firebombs falls upon Japan, the final death march of a nation is echoed in millions of smaller tragedies. Forced to fend for themselves in the aftermath of fires that swept entire cities from the face of the earth, their doomed struggle is both a tribute to the human spirit and the stuff of nightmares. Based on the retellings of survivor Nosaka Akiyuki and directed by Iaso Takahata (co-founder, with Hayao Miyazaki, of Japan's legendary Studio Ghibli), *Grave of the Fireflies* has been digitally remastered and restored; one of the rare films that truly deserves to be called a "masterpiece". MYSTERY SCIENCE THEATER 3000 XXIII DVD

Much like the country that spawned it, *Mystery Science Theater 3000* is a melting pot. In every imaginable genre, Joel, Mike and their robot pals Tom Servo and Crow T. Robot have seen the promise of cinema mutilated by mediocrity. Nowhere is this highfalutin' concept more hilariously exemplified than in this 23rd collection of episodes from the beloved cult comedy television series! You want a Western? It's here, pardner! Space adventure? Look no further. They'll even throw in a failed TV pilot and a barely coherent science fiction-horror-thriller. All genres are treated with equal disrespect by the luckless crew of the *Satellite of Love*. They pledge allegiance only to funny, with justice — *SoL* style — for all. (STK461792) (C: 1-1-4)

THE SECRET WORLD OF ARRIETTY

Residing quietly beneath the floorboards are little people who live undetected in a secret world to be discovered, where the smallest may stand tallest of all. From the legendary Studio Ghibli (*Spirited Away*, *Ponyo*) comes *The Secret World of Arrietty*, an animated adventure based on Mary Norton's acclaimed children's book series "The Borrowers." Arrietty (Bridgit Mendler), a tiny, but tenacious 14-year-old, lives with her parents (Will Arnett & Amy Poehler) in the recesses of a suburban garden home, unbeknownst to the homeowner and her housekeeper (Carol Burnett). Like all little people, Arrietty remains hidden from view, except during occasional covert ventures beyond the floorboards to "borrow" scrap supplies like sugar cubes from her human hosts. But when 12-year-old Shawn (David Henrie), a human boy who comes to stay in the home, discovers his mysterious housemate one evening, a secret friendship blossoms. If discovered, their relationship could drive Arrietty's family from the home and straight into danger. The English language version of *The Secret World of Arrietty* was executive produced by Kathleen Kennedy and Frank Marshall, and directed by Gary Rydstrom. Available in Blu-Ray and DVD formats.
